WHO: Dr. Bill Bledsoe
US Senate Candidate

WHAT: Six long-gun carrying rallies at County Courthouses in the the central part of South Carolina.

WHY: Our homes are being illegally seized by the government without due process. Our families are being illegally searched without search warrants. Our guns are being illegally taken so we can't protect our families. Our families can be indefinitely detained without an arrest or trial. A gangster style government is pillaging our families. Attend a long-gun rally and learn how to protect your family from the government.

I train the local police departments and the local residents how to work together to legally protect our families.
