October 26, 2021

The Honorable Kirkman Finlay and Mr. Joe Taylor:

Please be informed that I am in receipt of and have reviewed the analysis prepared by Shefelton Associates regarding the feasibility of the proposed expansion of the Columbia Metropolitan Convention Center and the Vista Station project.

It is my intent as County Council's Chair to continue to ensure that we consider all available resources and analyses prior to taking action on the major projects and initiatives affecting our community.

I very much appreciate your investment in the report prepared by Shefelton Associates and look forward to a continued productive dialogue, regarding the expansion of the Convention Center and the Vista Station project.

Regards,

Paul Livingston, Chair
