## Emergency Assistance to Non-public Schools

---

**Checkbox 1**

I affirm that the school requesting services or assistance is a non-profit school.

---

**Checkbox 2**

I affirm that the school requesting services or assistance is accredited, licensed, or otherwise approved to operate in accordance with State Law.

---

**Checkbox 3**

I affirm that the school requesting services or assistance existed and operated prior to March 13, 2020.

---

**Include documentation proving non-profit status, accreditation, and operation prior to March 13, 2020.**

---

**Checkbox 4**

I affirm that the school requesting services or assistance did not and will not apply for and receive a loan under the Small Business Administration's Paycheck Protection Program (PPP) (15 U.S.C. 636(a)(37)) that is made on or after December 27, 2020.

---

**Checkbox 5**

I affirm that none of the services or assistance for which I am requesting support in Part D of this application have already been supported by a loan under the PPP.

---

**Description Area**

NOTE: If a non-public school applies for a PPP loan on or after December 27, 2020, but does not receive funds under the PPP, the school may apply for services or assistance under the EANS program, as long as the non-public school meets the requirements and deadlines of this application. If a non-public school applied for or received a PPP loan prior to December 27, 2020, it remains eligible for the EANS program. Similarly, if a non-public school applies for but does not receive services or assistance through EANS, nothing in the Education Stabilization Fund would preclude that non-public school from applying for and receiving a PPP loan on or after December 27, 2020.

**Please provide any reasonable information to describe and/or quantify the impact of COVID-19 on your non-public school. Factors include but are not limited to: (1) loss of tuition revenue; (2) decrease in enrollment; (3) lack of capacity to provide remote learning due to insufficient technological support, and (4) data documenting the extent of learning loss attributable to the educational disruptions caused by COVID-19.**

As an independent school, Charleston Day School is dependent upon both tuition revenue and philanthropy to cover the cost of operations. On March 13, 2020, the school cancelled its major fundraising event, which was scheduled for March 13, 2020, due to the pandemic. We had anticipated netting \$100,000 at that event, instead, the school was left with \$65,000 in expenses. Following the Governor of South Carolina's orders, the school entered into remote learning beginning March 18, 2020. While we were able to provide interactive remote learning in the older grades, we modified learning in the younger grades as we were not able to provide the younger students with zoom-equipped technology. Remote learning continued through the end of that school year. The school opened the 2019-20 school year with 256 students. In the summer of 2020, the school had enrollment of 256 students for 2020-21, but later lost 9 students due to COVID-related issues. The school was able to add 3 students later in the school year, resulting in an overall decline in enrollment of 6 students. In addition, a number of families who were impacted by COVID required new or incremental financial assistance to remain at the school. As we entered the 2020-21 school year, in order to prepare the campus for in-person learning, the school has spent in excess of \$260,000 in COVID-related expenses, including improvements to ventilation, sanitation, PPE, technology, software, hiring a nurse and other COVID related expenses. The school would not have been able to open its doors to students in August 2020 without these investments.
