I have SO MUCH TO TELL Y'ALL in tomorrow's @truesunlightpod 🔥🔥🔥 We have been angry typing ALL DAY LONG.

In short, I finally agreed to sit for the deposition in the Greg Parker case. A case I'm not a party of. Nor am I accused of any wrongdoing in the complaint. This is after months of fighting this subpoena because I believe in my right as a journalist to protect my sources. This week, the Billionaire's attorneys refused to agree to the location my team suggested where I would feel safe because we hired security (due to stalkers!).

This is about my safety and they won't budge. So we filed a motion in court. Asking yall for a little encouragement and good vibes this week that the court doesn't force me to go somewhere I feel unsafe 🚨🌞🌟

unsafe 🚨🌞🌟
My safety and my gut protecting it is something I take seriously and will never compromise.
Stay pesky.

I am NOT the "journalist" in the Murdaugh case who allegedly distributed a photo of Mallory Beach's dead body to a documentary company.

That man is named Gregg Roman.

And yet... the court is forcing me to sit for a deposition in this lawsuit — that is mostly about that photo being leaked to the public that I have NOTHING to do with — before Gregg, who hasn't suffered a fraction of the defamation @elizfarrell and I have faced throughout the course of litigation.

GUYS IT GETS WORSE!! The billionaire's attorneys have been conspiring with a literal felon who consistently harasses me online and literally threatened to show up to my deposition.

Because of this, I proposed a safe location where I will have armed security to protect me from these crazies.

The billionaire's attorneys are REFUSING to do this deposition at a place where I feel safe.

I'm filing an emergency motion because MY SAFETY is where I draw the line.

I can't explain to y'all how maddening it is to be punished by the SC judicial system because a billionaire's team of lawyers believed lies made up by Internet trolls with NO evidence to back up their claims.

I have spent thousands of dollars on attorneys and an absurd amount of my time fighting a deposition they are forcing me to sit for when I have NOTHING to do with the lawsuit at stake.

I am SO TIRED.... AND SO MAD.

BUT I will never stop my work of exposing the evil in our system.

Can y'all do us a favor?
When the troll podcasts and pages focus their coverage of the Beach V Parker case on us and how somehow they think WE are the bad journalists involved, PLEASE REMIND THEM OF GREGG ROMAN, for starters.

The fact that the court is forcing ME to sit for a deposition in this before the guy who gave photos of Mallory Beach's dead body to a documentary company is inconceivable.

And please remember that the BEACHES are the real victims in this.

📌 Gregg Roman, the "Middle East Policy Expert" tied to confidential photos of Mallory Beach's body appearing in a documentary sizzle reel, is now fighting HARD to avoid a deposition.

HIS JUSTIFICATIONS?

- 1 Journalist privilege
- 2 Residency claims in Israel AND Philadelphia
- 3 A possible Israeli military obligation

WAIT. WAIT. WAIT. 🤔

So you're telling us Greg Parker's fried chicken-funded attorneys have spent YEARS dragging journalists Mandy Matney and Liz Farrell through aggressive, expensive depositions they never should have faced... and now they're arguing this key figure deserves special treatment?

WHAT THE ACTUAL 🤔

Let's be clear: Some of the same accommodations denied to Mandy and Liz are suddenly on the table for a man at the CENTER of the conspiracy allegations.

🤔 So who is Gregg Roman really and what are his paid ties to Greg Parker? Will the South Carolina Supreme Court have to answer the simplest question in this case: WHO GAVE HIM THOSE PHOTOS?

THOSE PHOTOS?

Yeah. Billionaire Greg Parker of Parker's gas stations is refusing to let me have my deposition at a place where I feel safe and **THREATENING TO MAKE ME PAY HIS LEGAL FEES** if I don't show up to his location where I definitely don't feel safe.

In a case that I am not a party of. Where he is accused of intentionally harming the Beach family. Yeah.

doesn't do what she's TOLD TO DO BY HIM he's going to ask the court to punish her and order her to pay his legal fees 🤡

If you really "need" her deposition, Gregggy, you would do it in the place where she feels safe ... this just proves that it's ALWAYS been about the harassing and ONLY about harassing us ... nice look. 🍷🧊😏

harming the Beach family. Yeah.

Greg Parker's legal team: Tells court that he **MUST** depose **Mandy Matney - Journalist** bc he needs info for his defense that he can only get from her and that this **IS NOT** about harassing her 🙄

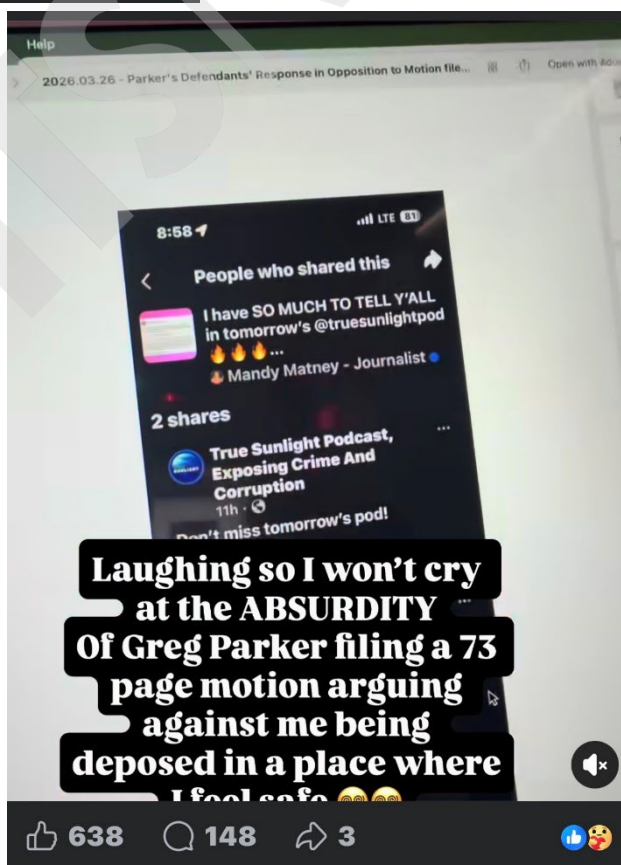

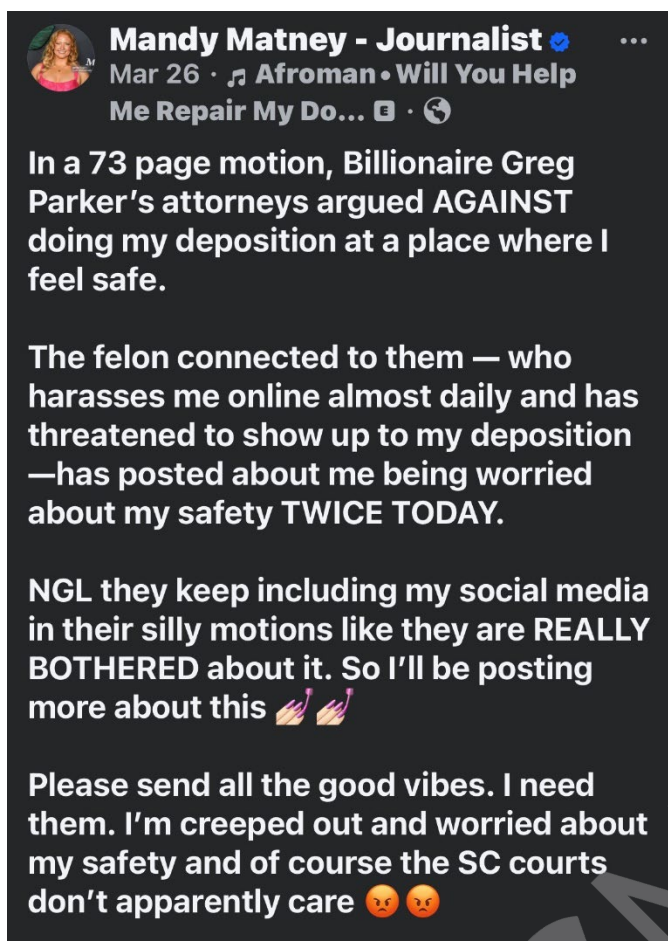

ALSO Greg Parker's legal team: Tells Mandy that she can't be deposed in the office building where she feels safe ... and that he'll **ONLY** depose her if it's fully on **HIS** terms ... if it's **HOW** he wants it, **WHEN** he wants it and **WHERE** he wants it ... and if she doesn't do what she's **TOLD TO DO BY**

the harassing and **ONLY** about harassing us ... nice look. 🍷🧊😏

Making lemon pound cake outta lemons 🍋🍰🔥

The pictures don't show it but yesterday was extremely stressful. It was very clear that Greg Parker's attorneys were feeding information to the felon who makes me fear for my safety bc of his obsessive posting about me. Good attorneys like [@the.mark.tinsley](#) respected my concerns and showed up to the deposition at the location where I had paid security, secured premises and a safety plan. Parker's attorneys balked at my safety concerns that they contributed to escalating. And never deposed me. So we ate my mama's lemon pound cake and made the most of it, and then my team of amazing attorneys [@rklindahl](#) and [@notinnyc](#) went to Savannah to celebrate standing our ground FOR MY SAFETY. Stay pesky 🍋🍰✨🔥
