NARRATIVE

(ACDC) On September 29, 2026 Deputy [REDACTED] and myself responded to the AI Cannon Detention Center to assist CID. At the detention center we retrieved Justine May. She was placed a jail inmate uniform, in leg shackles, and waist chains. We escorted her to Center Point Emergency at 5249 Emmett I Davis Jr Blvd in North Charleston. Detective [REDACTED] met us there to serve a search warrant for some samples from the in custody party. Once collections were complete we escorted the in custody party back to the detention center. She was turned over to processing staff. All pertinent BWC footage will be labeled. Nothing further.

posted by Justine of text message and email communication between her and multiple family members. Although I did not observe any statements within the posts that appeared threatening in nature or indicated thoughts of self harm or harm to others, I forwarded the contents of the email to [REDACTED] to review at 1740 hours. I also responded to [REDACTED] via email at 1741 hours informing her I had forwarded the email to my supervisor and inquired if she had reached out to DSS as instructed. [REDACTED] replied at 1828 stating she would call DSS in the morning.

On 09/29/2026 at 1053 hours, I found the contact information for DSS Investigator [REDACTED]. Having run previous calls with [REDACTED], I called him to request information on the current status of Justine's case. [REDACTED] did not answer at this time and a voicemail was left.

At 1128 hours, I received a call back from [REDACTED] who stated Justine's case had actually been assigned to him and he was familiar with all the surrounding ongoing issues. [REDACTED] stated a DSS worker had been out to her residence with deputies prior and it was "unfounded", but also advised that he had personally responded to her residence twice since then and had not received an answer at Justine's door.

[REDACTED] advised he would be returning to her residence again tomorrow and advised he would be seeking a law enforcement escort. I requested [REDACTED] follow up with me after this visit was conducted.

On 09/29/2026 at 1233 hours, Dispatch advised of an additional caller requesting a welfare check at Justine's residence. I advised I would call the complainant back for additional information.

At 1235 hours, I spoke with the caller who requested to remain anonymous (further referred to as Anon for the purpose of this report).

Anon stated about 1-2 hours ago, [REDACTED] observed Justine walking down Pinewood alone. Anon stated it was unlike Justine to not have her children with her.

I informed Anon I would circulate the area and attempt to locate Justine. I shared the caller's concerns with [REDACTED] and both he and myself headed to the residence. While enroute, I called [REDACTED] back and relayed Anon's statements to him. I requested he respond to the residence with us and attempt to make contact with Justine and her children. [REDACTED] agreed and stated he was enroute from North Charleston. [REDACTED] was informed.

At Approximately 1317 hours, [REDACTED] arrived on scene. [REDACTED] myself, [REDACTED], and [REDACTED] responded to 3280 Pinewood Drive to attempt to make contact. As we approached the residence, I could hear multiple dogs barking inside the home, but it did not appear they were coming to the door. I observed all the window shades open on the front of the residence, but did not see any lights on inside the home. Justine's vehicle was observed backed into the driveway in front of the home. I ensured no parties were inside the vehicle as I passed it.

[REDACTED] knocked on the front door while I waited a few feet behind him on the walkway situated at the bottom of the front porch steps. [REDACTED] walked towards the Alpha Delta side of the home. We did not initially receive an answer at the front door. I could hear [REDACTED] begin knocking on a window on the Bravo side of the home, but he did not receive an answer either.

[REDACTED] knocked on the front door again a few moments later. A couple seconds later, I heard [REDACTED] state "Justine, It's [REDACTED]". It took Justine an extended period of time to come to the door, but she did eventually open the door. Justine stood in the doorway with the front door open as [REDACTED] introduced himself to her and asked Justine if he had retrieved his card off her door to which she stated "yes".

[REDACTED] informed Justine we needed to check on her children. At this time, Justine sighed as she

walked past [REDACTED] and began to descend down the front porch steps leaving the front door open. Justine was seemingly normal up until this point.

I asked Justine [REDACTED]

I gestured to [REDACTED] to go into the home. [REDACTED]

Justine began [REDACTED]

[REDACTED] At this time, [REDACTED] exited the residence and gestured to me to handcuff Justine.

I immediately gained control of Justine's hands and instructed her to stand up and put her hands behind her back. [REDACTED]

Once the handcuffs were securely placed and double locked, [REDACTED] I read Justine her Miranda Rights at this time. Justine stated "yes" to understanding these rights and stated "yes of course" [REDACTED]

I escorted Justine to my patrol vehicle parked at the end of her driveway and searched her. [REDACTED]

Justine was placed in the back of patrol vehicle [REDACTED]. At 1327 hours, I advised dispatch I had 1 female in custody.

The area was secured and a crime scene log was started immediately. [REDACTED] made all proper notifications.

[REDACTED] moved his vehicle out of the driveway and waited in his vehicle for further instruction. [REDACTED] responded to his vehicle to provide further information.

Upon the arrival of additional resources, Myself and [REDACTED] entered the residence to secure the

2 canines located inside to preserve the scene and ensure the safety of additional responding units. I located both canines situated in a room located through the kitchen that connected to the garage and opened directly to the back yard with two glass doors. [REDACTED]

Both canines were placed in the fenced back yard and ACO Sgt was notified.

I continued maintaining scene security awaiting the arrival of additional resources.

NARRATIVE

On 29 Sept 2026 I along with [REDACTED] [REDACTED] and a Department of Social Services case agent responded over to 3280 Pinewood Dr Ladson to conduct a health and welfare, safety check of the occupants. [REDACTED] went to the right side of the home, I went to the left front side and [REDACTED] and the DSS case agent went to the front door. [REDACTED] observed movement from inside one of the windows and knocked on the window to get the occupants attention.

After a few moments the front door opened at which time, [REDACTED] and I moved to the area of the front door which we could all see was left open as the white female dressed in all black walked down the steps and sat on the sidewalk.

As the female sat down, [REDACTED]

[REDACTED] asked if her partners can enter into the home, while [REDACTED] and I entered the front door, at which time I advised dispatch to give us the radio. I was first in the door with [REDACTED] right behind me, as we entered the residence we could see an open floor plan, open living room area, kitchen and sitting area which all appeared to be normal and not destroyed and no visible damage. [REDACTED]

[REDACTED] As I walked towards the front door, I advised dispatch to open the radio from emergency status and began to motion my wrists together as I was looking at [REDACTED] outside to which she responded by grabbing her handcuffs and having the female standup who was then placed under arrest. As [REDACTED] and I exited the residence, I walked into the front yard and advised dispatch over the radio that I needed CID "Criminal Investigation Division and FSU "Forensic Services Unit" to respond. I then placed a call to CID [REDACTED] and advised her of what we had and she responded units will be on the way. I then placed a call to [REDACTED] to advise him of the situation.

[REDACTED] then placed crime scene tape up, [REDACTED] started a crime scene log and [REDACTED] arrived on scene and placed the female in the back of her marked patrol vehicle.

I made other calls to CID [REDACTED] and again to [REDACTED] with updates and gathering more information. Once additional units arrived on scene, incident command was handed over to the command staff and scene was turned over to CID.

I walked away from the residence and stayed by my marked patrol vehicle which was parked on
